

New Funding Announcement

Brain Health: 2021 Lifestyle Approaches and Microbiome Contributions

Up to \$1.5M per project
over up to 3 years

The Brain Health: Lifestyle Approaches and Microbiome Contributions program seeks to increase the number of Canadians maintaining better brain health throughout their lives.

Goal: To accelerate the development of lifestyle approaches and an understanding of the contributions of the microbiome in maintaining brain health.

Eligibility Criteria:

Principal Applicants must be

- at or above the level of Assistant Professor
- working in Canada at least 30% of the time
- affiliated with a Canada Revenue Agency-qualified donee institution located in Canada

Projects can be:

- Research Questions: Hypothesis-based questions that help accelerate the development of lifestyle approaches or microbiome contributions to brain health.
- Implementation Initiatives: Approaches to address operational questions and/or put findings into practice.

Important Dates:

Information Webinars — **Sept. 10 & Oct. 15, 2020**

LOI Deadline — **Nov. 25, 2020**

Proposal Deadline — **Apr. 15, 2021**

Award Announcement — **Jul. 2021**
